EDUCATION

Faculdade de Engenharia da Universidade do Porto   *2015 - Present*
Master in Informatics and Computing Engineering   Overall GPA: 16/20

Escola Secundria Alves Martins, Viseu   *2012 - 2015*
Course of science and technology   Overall GPA: 18/20

EXPERIENCE

Software Development Laboratory   September 2018 - Present
Scrum Master

· Playing the role of Scrum Master in a team of 7 students, in order to create a social hub for the "Reitoria da Universidade do Porto".

Testing Portugal 2018   April 2018 - Present
Website development

· Volunteered to create and deploy the website for Testing Portugal 2018.

Critical Manufacturing   July 2017 - September 2017
Undergraduate Internship

· Done C# and typescript static code analysis to generate a documentation web portal.
· Improved documentation by enabling developers to write markdown in the comments of the code and rendering it in the documentation web portal.
· Improved documentation generation times from about 1 hour to 5 minutes.
· Linked the front-end and back-end documentation in the same web portal.

F1 in schools, STEM challenge   December 2012 - November 2014
Spectrum F1, Research Manager

· Worked in a team of 5 students to create a mini F1 car, create a brand and gather sponsors.
· Worked with 3D modeling and CFD simulation using SolidWorks, Adobe Inventor and Adobe Fusion 360.
· Researched materials, bearings and paint techniques that could be used in the car.
· Placed 2nd in the national finals and represented Portugal in the world finals, in Abu Dhabi.
